Dubai

A Connected Future

Dubai, UAE has made significant strides to becoming one of the world's truly global cities, with its established infrastructure, warm climate, excellent shopping, low crime rates and a variety of leisure, sports and entertainment activities, not to mention its globally central location it's no wonder this past year has seen it ranked as the world's most successful real estate market. Dubai winning the rights to host the 2020 Expo has further ignited investment in the local and regional economy. The jobs market is booming, local regulations have been tightened and the market is more robust.

We believe now is the time to invest in New Dubai.

Jumeirah Village Circle

Room for Growth

“ It’s not often a dependable developer launches a project at the right time in the right place. This is one of those opportunities.”

A work in progress, presenting an opportune investment – the Jumeirah Village master plan will house an abundance of green spaces, cycle tracks, tennis courts, mini golf, mosques, community centre, schools and a medical clinic. A variety of retail outlets are already serving the ever-growing community and mega malls are being developed by Nakheel and Majid Al Futtaim.

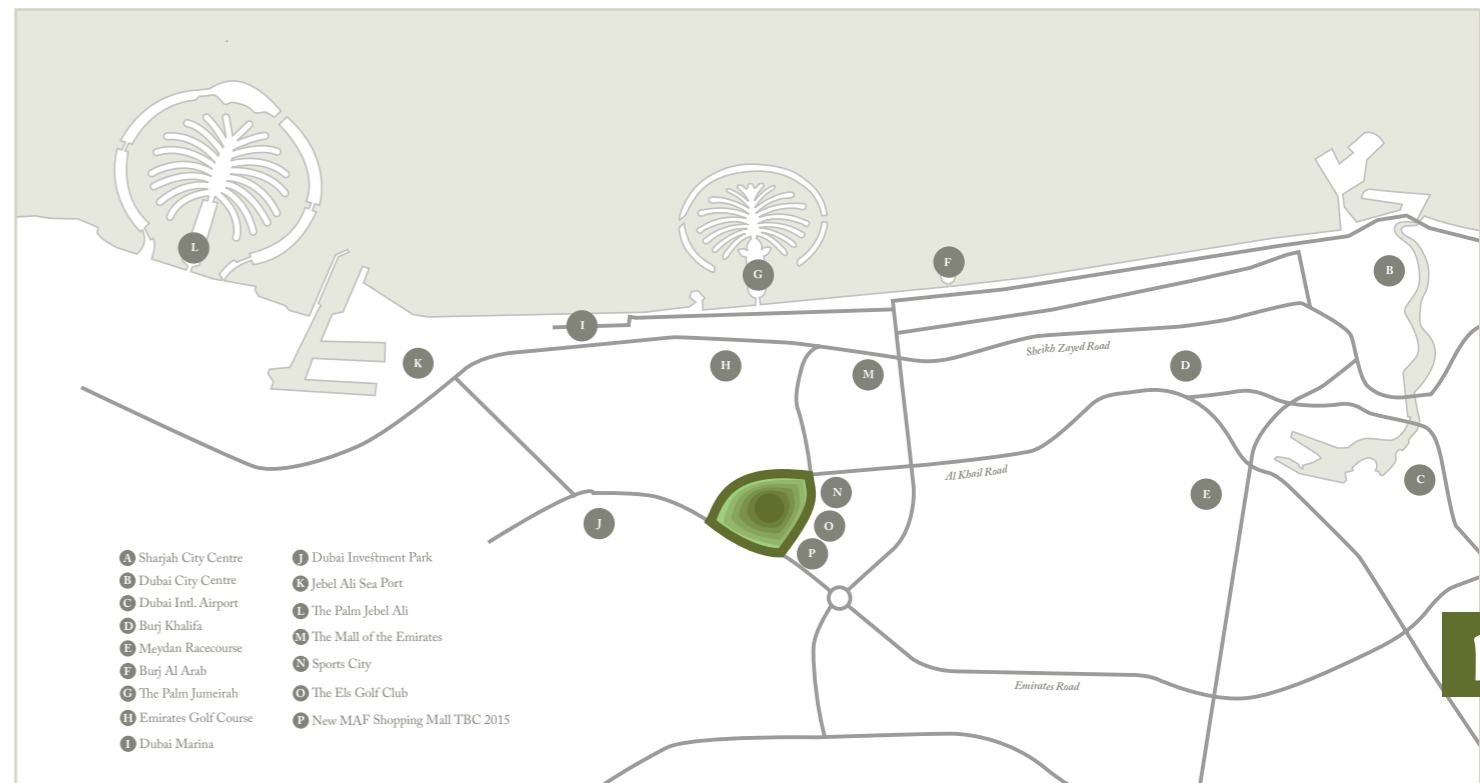

Reef Residence is conveniently located directly opposite the Els Club Golf Course, Dubai Sports City and because of its height will offer spectacular vistas – of the city and golf course.

Golf Course and City

Sitting out on your private terrace is an experience you'll no doubt savour as you look out across the golf course, parks and villas of Jumeirah Village with vistas of the city as your backdrop. Several residences at the front of the tower boast a direct, uninterrupted view of the cricket stadium at Dubai Sports City.

To our knowledge, no other building in the vicinity can make the same claim.

Dubai Sports City & Els Club

The Location

“ Directly opposite Dubai Sports City - whether golf or cricket occupies your leisure time, the choices are on your doorstep.”

Dubai Sports City is a major part of the lifestyle Reef Residence affords you, and with a side road leading directly into it - it's uber accessible. Whether your preference is to spectate or partake, Dubai Sports City is a fine neighbour.
